**WRITING** Many people think doing sport outside is better than doing sports outside. I think so and let's see why.

First of all, outside sports is more enjoyable. People can go outside wherever they need and can be fearless to broke something (to). In this point of view, outside sports includes types of sports that you cannot to inside. It's sailing,

snowboarding, surfing and many others.

Secondly, go outside and play football with friends at the playground is more cheaper than paying for training at gym. You can also have fun in a park in your city than go to the gym.

Most of it doing sports outside means people to it on the fresh air. You can do sports in forest or park, where you can breathe all of your chest that's much good for health than doing sport in close space.

In conclusion, doing sports outside is really better than doing it inside for many reasons.
